Pierce Country Day Camp— 516.621.2211

Thank You!

With the camp season drawing to a close, we wanted to offer you, our parent community our heartfelt gratitude for all of the cooperation, trust and confidence that you have shown us this summer.

Certainly this pandemic we have all been forced to deal with has changed our usual *course of business!* We've all had to deal with face masks, hand sanitizers, social distancing, cohorts, assigned bus seating and much more...

While this summer has been highly spirited and wonderful, we can only hope that next season allows us to return to the outrageously successful famous Pierce summers we are truly known for without COVID regulations!

In closing, we also want to offer a shout-out to our terrific staff and awesome campers. You guys were nothing short of fantastic all summer long! We are very appreciative and proud of all of you...

Let us wish all of you all a healthy and successful school year ahead.

See you next summer...

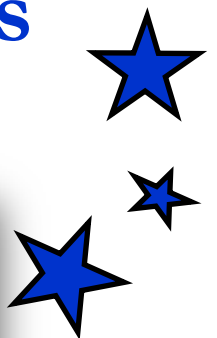

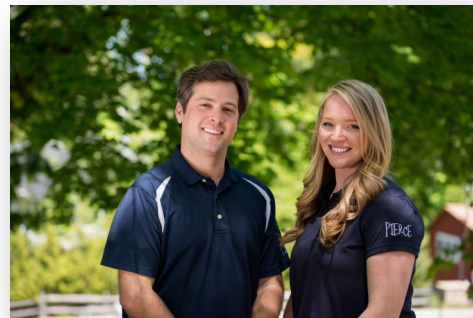

Our Terrific Directors

We would be remiss if we didn't also give credit where credit is due... To **Will and Courtney** for their tireless leadership and vision at a time when it was needed most!

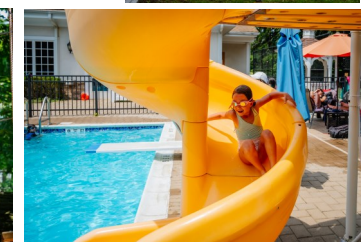

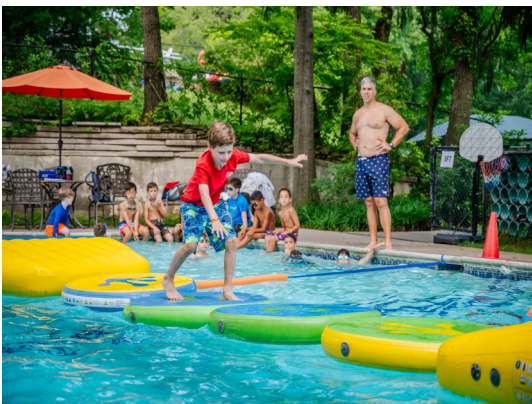

From very early each morning to late in the day, they worked flawlessly as a team fully committed to our campers, staff and parents.

Together with a wonderfully spirited staff, they **made it happen** for our kids to return to

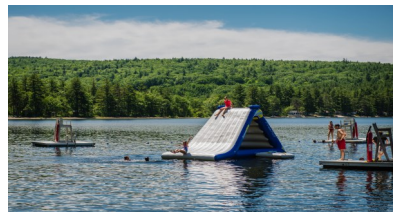

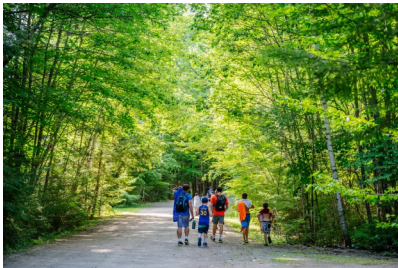

the *fun in the sun* which is camp!
An impressive effort to say the least!

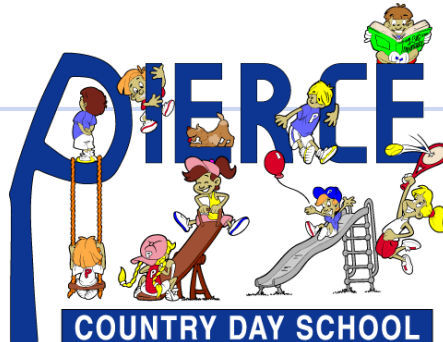

**Children
FIRST!**
